The ICS-300 provides training on and resources for personnel who require expanded application of the ICS. The course expands upon information covered in the ICS-100 and ICS-200 courses.

**Who should attend?** The target audience for this course is individuals who may assume a supervisory role in expanding incidents. Note: During an expanding incident, some or all of the Command and General Staff positions may be activated, as well as Branch Directors, Division/Group Supervisors, and/or Unit Leader level positions. These incidents may extend into multiple operational periods.

**Training to include:**

- ICS Staffing and organization: reporting, working relations, & information flow
- Transfer of Command
- Unified Command functions in a multi-jurisdictional or multi-agency incident
- ICS forms
- Resource Management
- Interagency mission planning and procurement

**Instructor:** Bill Presley, ICS Certified Instructor  
MERC Coordinator/RMRS Administrator
